

AwakeN Blend

8-way Blend/Grasses/Legumes/Brassica's

- **Excellent summer mix with a lot of Bio-diversity**
- **Establishes quickly to minimize fall erosion**
- **Winter-kills easily**
- **Scavenges nutrients well**

Description:

This 8-way blend is designed for improving soil health. The combination of multiple grasses, legume's and brassica's will "AwakeN" the soil biology. The very diverse blend will help to improve mineralization, soil structure and active organic matter. It is primarily designed for taking advantage of soils that are fallow from June through August. This can also provide an excellent livestock feed while improving soil health.
